Jedi

WS-2818

PRODUCT DESCRIPTION

The fabled light sabre has been called "an elegant weapon for a more civilized age," and that's where we drew our inspiration for this refined, highly innovative luminaire. Using high-tech LEDs, Jedi illuminates ambiently through mouth-blown etched opal glass, while a task-focused light fires downward for security and décor accents. Jedi is excellent for upscale homes as well as sanitary medical and hospitality applications.

FEATURES

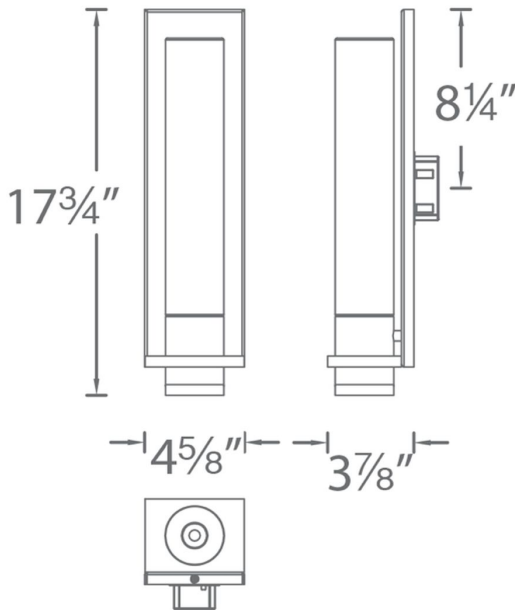

- Driver concealed within the fixture
- Mouth-blown etched opal glass
- Ambient and downward illumination with 120-degree beam angle
- Twist-lock glass for easy removal
